Brandenburg®

NUCLEAR POWER INDUSTRY

BRANDENBURG'S PERSONNEL AND EQUIPMENT PROVIDE SKILLED, COST-EFFECTIVE, DECONTAMINATION, DISMANTLING AND CLEAN-OUT FOR THE NUCLEAR INDUSTRY USING CAREFUL AND ORGANIZED PLANNING WHILE PROTECTING HUMAN HEALTH AND THE ENVIRONMENT.

Brandenburg is committed to servicing the utility industry throughout the United States and has performed power generation projects in 32 of 50 states. Since 2000, Brandenburg has completed more than 40 projects involving total removal and decommissioning of over 14,000 MW in the power and nuclear industry.

Brandenburg's extensive knowledge and experience servicing the power industry has provided the Company with the ability to transition this service offering to nuclear decommissioning.

The Company's engineering and estimating staff provides diverse backgrounds and industry-specific knowledge to design and implement demanding operational plans which are responsive to customer's needs and extensive operational oversight that the nuclear industry dictates.

Drawing from this extensive background and access to the most experienced workforce and fleet of equipment makes Brandenburg your ideal nuclear decommissioning partner.
