PAPER MANUFACTURING

BRANDENBURG INDUSTRIAL SERVICE COMPANY HAS PROVEN TO BE THE PREMIER DEMOLITION AND ENVIRONMENTAL REMEDIATION CONTRACTOR FOR THE PAPER MANUFACTURING INDUSTRY.

Brandenburg Industrial Service Company has proven itself to be one of the premier demolition and environmental contractors for the paper manufacturing industry. Projects include specialty work such as demolition, asbestos abatement, environmental remediation, and site preparation for several of the industry's largest corporations.

Brandenburg specializes in heavy industrial structures and excels within the environment of the paper manufacturing industry. Brandenburg has completed projects at paper facilities throughout the United States that were operated by companies such as Acorn, Georgia-Pacific, Glatfelter, New Page, PCA, Procter & Gamble, and Wausau. The company's experience, detailed project planning, and specialized equipment result in the non-interference with active operations, the inherent sensitivity to noise, dust, vibration, and the adherence to strict schedules. The company is also sensitive to concerns regarding privacy. Brandenburg has a proven track record of safely completing projects on time and without incident.
